

JobClock®/LE

Bulletproof Design, Battery-Powered, Bluetooth-Enabled

Make paper time cards history with the JobClock/LE. No more adding up numbers manually and no more disputes about attendance or total hours.

Our battery-powered, rugged time clock can be mounted anywhere, in any weather, for accurate tracking of hours, travel time and job costing. Simply upload data to our cloud-based time and attendance product, ExakTime Connect, for access from any web-based device.

Provides total flexibility in the field

- Easy clock-in and clock-out with multiple-colored key fobs to represent different job codes and/or locations
- Portable—easy to move, and mount anywhere
- Battery-powered—no AC power source necessary
- Reliable data storage of up to 20,000 time punches
- Streamline payroll from punch-in to paycheck and stay compliant

Works with multiple accounting programs

Use your Bluetooth to sync data from the JobClock/LE to our portal. Your data can be easily transferred to any of 100+ accounting programs for quick and painless payroll.

Easy to Use, Big-Time Benefits

- Accurate time tracking can add up to significant savings—no more inflated hours
- No more time wasted on remembering schedules or filling out time cards
- Digital records safely stored in the cloud
- Data is shared with your payroll system in seconds

A Simple, Effective System

Touch

At any worksite, employees carry keytabs and touch them to the LE to clock in and out.

Connect

Simply collect time and attendance data from the JobClock/LE with an iOS or Android phone and upload to the cloud.

Reports

Once uploaded, data from your JobClock/LE appears in ExakTime Connect, which creates digital time cards to powerful labor management reports, instantly.

Reliable Storage

Use JobClock/LE at any job site, no matter how harsh the conditions. The JobClock/LE withstands any weather and stores all time punches until the battery is replaced. With an average battery life of 6 months, you can rest assured your labor data is safe and secure.
