

JobClock® Hornet and JobClock®/LE

Conveniently Wireless. Reliably Rugged.

No more wasted time filling out timesheets or driving around collecting paper time cards. No more adding up numbers manually and no more disputes about attendance or total hours.

Make paper time cards history with the JobClock Hornet and JobClock/LE. Our battery-powered, portable time clocks can be mounted anywhere, in any weather, for accurate tracking of hours, travel time and job costing. All the data is sent to ExakTime Connect, our cloud-based time and attendance product, for easy access from any device.

Provides total flexibility in the field

- Easy clock-in and clock-out with multiple-colored key fobs to represent different job codes and/or locations
- Portable—easy to move, and mount anywhere
- Battery-powered—no AC power source necessary
- Reliable data storage of up to 20,000 time punches, even if the battery runs out
- Save on fuel costs and drive time of picking up paper time cards

Works with your accounting program

Data uploaded from the Hornet and JobClock/LE into ExakTime is easily transferred to your accounting package for quick and easy payroll.

Easy to Use, Big-Time Benefits

- Accurate time tracking will save you money - no more inflated hours
- No more time wasted on paper time cards
- Digital records safely stored in the cloud
- Data can be shared with your payroll system in seconds

A Simple, Effective System

Touch

At any worksite, employees carry keytabs and touch them to the JobClock to clock in and out.

Connect

The Hornet sends time punches to ExakTime every hour. Upload your data from the LE to the cloud with an iOS or Android phone. Note: A data plan is needed for the Hornet.

Reports

Once uploaded, time punch data from your JobClock appears in ExakTime Connect, which creates digital time cards and a set of powerful labor management reports, instantly.

Reliable Storage

Use our clocks at any job site, no matter how harsh the conditions. Our JobClocks can withstand any weather and will safely store all time punches until cellular service is available.
